

Techivation Releases the T-De-Esser 2

Techivation introduces the T-De-Esser 2, a significantly improved MK2 version of their popular T-De-Esser plugin. It is designed to control sibilance and harshness in a natural and musical way. And it's now available for Free!

According to the developer, T-De-Esser 2 is an intuitive and user-friendly De-Esser plugin designed to smooth out high frequencies while preserving a natural and musical sound. This plugin significantly improves upon the original T-De-Esser in terms of both functionality and audio performance.

In July 2021, Techivation released their first audio plugin, the T-De-Esser, which quickly became a favourite among professionals. To celebrate the third anniversary of the T-De-Esser and Techivation's entry into the audio plugin world, Techivation is offering users this brand new plugin for free: the T-De-Esser 2.

T-De-Esser 2 key features:

- Processing
- Intensity
- Sharpness
- Frequency Range
- Diff & Filter
- Oversampling Up to 8X
- Make Up Gain
- Input-output-diff level metres
- Dry/wet Mix
- Scalable user interface
